

# *The Ethox Approach Worksheet*

## **Step 1**

**What are the facts of the case?**

**What would constitute an appropriate decision making process?**

## **Step 2**

**List possible options**

**Step 3**

**What are the morally significant features of each option?**

**What are the moral arguments for and against each option?**

**What does law or guidance say about each option?**

**Step 4****Choose an option****Option Chosen:****Identify the strongest counter-argument for chosen option****Can you rebut this argument?****If yes, provide rebuttal****If no, reassess chosen option; may need to brainstorm for other options not yet identified or make compromises**

**Step 5**

**Make a recommendation**

**Review a decision in light of outcome**
